A Warm Invitation

We invite you to support New Zealand's pre-eminent biennial Adam Chamber Music Festival.

As music-lovers, our audiences are central to this total immersion into creativity, revelling in the frisson created by a shared passion for chamber music between those onstage and those in the auditorium.

Ensuring Success

Established for over 25 years, the festival has enjoyed many years of success however we rely on support from funding bodies, sponsors and especially donors to achieve a positive fiscal outcome and remain sustainable.

We recognise that it has been a very challenging time and that the current economic climate has taken its toll on many. To help make a contribution more viable, we have the option of monthly payments or two or four instalments leading up to the 2028 event.

Dependant on individual circumstances, current legislation provides a 33.3% tax credit on all donations to our trust (excluding the value of complimentary tickets).

Become Involved

We invite you to help make the festival a success by joining our Donor Programme. The major benefit of your donation will be your satisfaction knowing you are contributing to this remarkably creative event.
